We begin in the name of ALLAH
Most Gracious
Most Merciful

Bismillahir Rahmanir Raheem
Everything needs other things to help it exist. Humans and animals need food to eat, water to drink and air to breathe. Plants need soil and water and sun. Nothing can create itself. Nothing can exist by itself. So HOW did everything begin? Can something come out of nothing by itself? Where did it all come from?
The last Message from ALLAH, glorified and exalted as He is, tells us: Truly, when He intends a thing, His command is: “BE” and it is! So says the Qur’an.

The last Messenger — May the peace and blessings of Allah be upon him — tells us: ALLAH has ninety-nine names. He is ALLAH. There is no one who deserves to be worshipped except Allah.
